

## MANIAC CAPTURES POLICE STATION

Armed With Box of Dynamite Holds Building for More than Hour

## IS FINALLY OVERCOME

Fuse Automatically Ignites When Box Falls to Floor—Explosive Scattered in Street.

## WANTED RAILROAD PRESIDENT

LOS ANGELES, CAL., NOV. 19.—Armed with an infernal machine containing enough dynamite to destroy an entire city block, a bottle of nitro-glycerine and a 45 caliber revolver, a masked maniac took possession of the central police station today and held it for more than an hour, while hundreds of occupants of the building and those for blocks around, panic-stricken sought the safety of distance.

When Detective James Hoesick knocked the man unconscious with a billy after slipping up behind him, the fuse of the infernal machine was automatically ignited and without thinking of the consequence Detective Samuel L. Browne carried the box outside, the fuse spluttering and spitting sparks, and hurled it into the street.

Dynamite Scattered Over Street. Sticks of dynamite scattered over the pavement, while hundreds of spectators stood apparently paralyzed by fright, waiting the end to eternity. Through a freak of chance there was no explosion, and Browne continued kicking the sticks of dynamite and jumping on the fuse until he had broken the connection and extinguished the fire.

Lying manacled to a cot in the receiving hospital tonight the would be dynamite, who gave his name as Albert Henry Davis, is suffering with several severe scalp wounds, but the police surgeons say his injuries are not serious. Davis entered the outer building of Chief of Police Sebastian at 11 o'clock this morning. His face and head were completely covered by a great mask and he carried in his arms a large box covered with cloth. The box was strapped around his shoulders and resembled a small hand organ.

Police Suspected Joke. First startled, and then amused by the strange spectacle, Police Sergeant R. C. Hill, who suspected a practical joke asked the man what he wanted.

"I've got enough dynamite in here to blow us all into eternity," he said, "and I want you to send for the highest official of the Southern Pacific railroad."

The masked visitor rested the box on a filing cabinet and Assistant Attorney R. O. Graham who was in the office, started joking with him.

"This is no joke," said Davis. "I mean business and if you don't believe try to take this away from me. My name is fast in this box and if I pull it out—bang—we all die." A hole had been cut in the box and the occupants of the room saw for the first time that the man's left hand was in the box. They began to realize that it was no joke. Davis then walked into the office of Police Secretary C. E. Snively which opens into the private office of Chief Sebastian, and repeated his request that the head official of the Southern Pacific be summoned.

Wanted Only Head Man. Snively asked him if he had any preference in the man he desired to blow up and he replied that he only wanted the head man.

Snively then took down the telephone receiver and pretended to hold a conversation with Paul Shoup, general manager of the Pacific Electric company.

"Mr. Shoup is busy, but he will be here in about 15 minutes," said Snively.

"Well he'd better hurry," replied Davis. "I'm getting nervous."

In the meantime Chief Sebastian who had had a brief conversation with the man and realized that he was in earnest ordered the street roped off for a block either way and took steps to have the 100 prisoners in the city jail removed. Upstairs in the building two justices courts were in session and both court rooms were crowded. A detective passed the word to a bailiff in Judge Bailey's court where a preliminary hearing in a murder was being held. The bailiff whispered to the judge.

Justices Adjourn Court. "Court's adjourned until 2 p. m. Clear the court." Ordered the judge promptly, and there was a rush for the stairway. A similar scene was enacted in Justice Fredrickson's court.

There was not sufficient patrol wagons to remove the prisoners from the jail to the Doyle Heights prison and two street cars were sent for. It was an orderly procedure and the prisoners were soon on their way to the east side, guarded by the reserves who had been called out. Ambulances removed the patients from the city emergency hospital just around the corner from the chief's office. The hospital was

## CLAIM OF DEFENSE IS DEMONSTRATED

MISS FARLEY AND ATTORNEY SUIT ACTIONS TO WORDS

Defendant Testifies that Zollinger Often Agreed With Her that He Ought to Return to His Wife and Children Said He Kept Her a Prisoner.

COLUMBUS, O., NOV. 19.—Miss Cecelia Farley, the state house stenographer on trial for first degree murder for the shooting of Alvin O. Zollinger, with one of her attorneys late today went through the actions demonstrating the claim of the defense that Zollinger was accidentally shot in a city park last May. The crowd was so great that two or three women were overcome and fainted. One woman became jammed in the crowd and her arm was broken. She went to a physician, had the arm treated, and then returned to the court room. Accompanying her words with action, Miss Farley testified:

Demonstrates Shooting. "We were walking through the park. I was about a step ahead of Mr. Zollinger. Suddenly he said: 'Here comes Quigley, we might as well end it all now.' As I turned to look for Mr. Quigley, he reached in my handbag for the revolver and took hold of it by the muzzle. I whirled around and grabbed the revolver by the handle while he clung to the barrel. In trying to wrench it from his grip, I stepped back pulling his hand upward. Just then the revolver was discharged and Mr. Zollinger fell forward on his face."

Attorney Allen in the part of Zollinger, went so far in picturing the tragedy, as to start to fall to the floor. The girl told of her intimacy with Zollinger, how becoming engaged to Jerome Quigley, how she tried to get away from Zollinger's influence but could not, how because of fear of Zollinger she purchased a revolver and kept it in her desk, but Zollinger saw it there and took possession of it Saturday before the tragedy, she said. Zollinger forced her at the point of a revolver to go with him.

Kept Her in Rooming House. He took her to a rooming house, she said, and kept her there until Sunday evening when she got possession of his revolver and forced him to let her go home. There she found Quigley waiting for her. She told him of her experience, she said and taking her revolver Quigley declared his intention to look for Zollinger and let him go.

Miss Farley told how Zollinger often agreed with her that he ought to return to his wife and children but of how he would follow her when she began keeping company with other men. She told of loaning him money which he never paid back, and of how he said he would follow her any place she would go.

## PHYSICIANS BELIEVE SCHRANK IS INSANE

Such Is Statement Made By Court Official, Although Commission Has Not Made Report—Man Who Shot Roosevelt Not Likely to Be Tried.

Milwaukee, Wis., Nov. 19.—That John Schrank, who shot Colonel Theodore Roosevelt the night of Oct. 14, last, is insane, was the substance of an unanimous report of the five alienists appointed by Judge A. C. Backus to examine into the prisoner's mental condition, was the statement of a court official this afternoon.

Judge Backus stated late today that the report probably would not be presented to the court until on Thursday, and that he had no idea of what the findings would be. The commission held what was expected to be its last session with Schrank today, and it was even while he was being subjected to further questioning by the physicians that the report gained circulation that the prisoner would be adjudged insane.

Presuming that Schrank will be found insane, it will be impossible to try him on a charge of attempting to kill Roosevelt. The only alternative remaining is confinement in the hospital for the insane at Oshkosh. Judge Backus says that he has not decided what course to take in view of the premature disclosure of the nature of the commissions findings. He says that if he finds that any of the experts divulged the findings, in violation of their oath he may have to dismise the commission. In any event he says he will find heavily the persons responsible for disclosing the information.

## NEW EXPERIMENT IN SKIN GRAFTING.

Cuticle Taken From Terrier Used Successfully on Woman's Arm.

Chicago, Nov. 19.—Announcement was made at a South Side hospital today of the successful outcome of a case of skin grafting in which a large piece of the skin of a skye terrier was placed over a wound on the arm of Mrs. H. W. Johnson of Menominee, Wis., a wound which had been left after an operation for tubercular ulcer. The operation, said to be the first of its kind ever performed, took place ten days ago and today Mrs. Johnson returned to her home, taking with her the dog which had contributed to her recovery.

## JURY FINDS FOUR GUNMEN GUILTY

RETURNS VERDICT AFTER TWENTY MINUTES DELIBERATION

Must Pay Death Penalty in Electric Chair—Hear Verdict Without Show of Emotion—Wahle, Gunmen's Council, Will Appeal Case.

New York, Nov. 19.—"Gyp the Blood," "Lefty Louie," "Dago Frank" and "Whitely" Lewis killed Herman Rosenthal, the gambler, at the instigation of Charles Becker, and like him must pay the death penalty in the electric chair. The jury which has been hearing the evidence against the four gunmen so decided today when it returned against them a verdict of murder in the first degree after twenty minutes of deliberation.

Like Becker, the gunmen heard the verdict pronounced upon them without show of emotion. They stood at the bar looking straight ahead as the foreman of the jury rose to make known the result of its deliberations, and they continued to stare stolidly in front of them until the formality of the proceeding were concluded. Remanded to their cells in the Tombs until tomorrow morning when Justice Goff will fix the day for imposing sentence, they turned and filed out of the court room with as firm a step as when they had entered.

Lewis Walked With Head Bowed. "Whitely" Lewis, who was the most dramatic of the four men when he testified on the witness stand—alone walked with head bowed. As they entered the door leading over the "bridge of sighs," "Gyp" said something to "Lefty" in a sullen undertone which none could hear. Outside "Lefty's" doll-faced wife, "Lefty's" Lillian, as she is called, wept on the shoulder of her husband's father, who vainly tried to comfort her—for the verdict was "comfort" flashed on the court room to the waiting crowd without delay.

"Gyp's" wife known as "Gyp's Lillian" received the news in the house of detention. The two other gunmen are unmarried. Former Magistrate Charles G. F. Wahle, counsel for the gunmen announced that he would appeal from the verdict, and as in the case of Becker, months may elapse before their ultimate fate is determined. Meantime they will occupy cells near that of the former police lieutenant in the death house at Sing Sing.

Charge Occupies Three Hours. The final day of the trial opened with Justice Goff's charge to the jury, which occupied three hours. The charge emphasized many points in the testimony of the gunmen which the prosecution in its summing up had declared were discrepancies in their stories.

"If the defendants contention were true that Rose and his companions, Webster, Vallon and Scheppe shot Rosenthal would have invited them around to the Metropolitan hotel to the scene of the shooting?" Judge Goff asked the jury. "Did the defendants tell the truth when they said they saw Rosenthal shot and were near enough to distinguish the faces of those who did the shooting, but did not see Rosenthal fall. Was the testimony of the three defendants in support of the alibi of 'Dago Frank' interposed by pre-arrangement?"

## GRAND ENCAMPMENT OF ODD FELLOWS ELECTS

George B. Roller of Canton Heads Order—Peoria's Mayor Welcomes Grand Lodge.

Peoria, Ill., Nov. 19.—The sixty-third annual meeting of the Grand Encampment of the I. O. O. F., concluded their session here this afternoon. The following officers were elected:

Grand Patriarch—George B. Roller of Canton.

Grand High Priest—A. J. Mourer, of Eureka.

Grand Scribe—S. J. Baker, of Olney.

Grand Treasurer—Samuel Watson of Champaign.

Grand Senior Warden—Norman Waltrip of White Hall.

Grand Junior Warden—Mark Jardine of Rockford.

A resolution to hold future meetings of the grand encampment apart from the grand lodge was defeated. The 75th annual session of the grand lodge, I. O. O. F., convened at the temple tonight. Mayor Woodruff, welcomed the 1,200 delegates. The sessions will continue through Wednesday and Thursday.

A lively contest is expected at the election tomorrow.

The twenty-eighth annual convention of the Rebekah lodge began their meeting this morning at the Coliseum. An election will be held Wednesday afternoon. The members of this auxiliary branch of the Odd Fellows were banqueted tonight by Mrs. May C. Keiser of Chicago.

## EIGHT KILLED IN WRECK.

Norlina, N. C., Nov. 19.—Eight trainmen were killed and three severely injured today when two passenger trains crashed head-on, seven miles from here. No passengers were injured.

ADOPTS NEW RESOLUTION. London, Nov. 19.—The house of commons by a vote of 218 to 207 tonight adopted the new financial resolution of the home rule bill. This replaces the resolution defeated on November 11.

## CITIZEN WITNESS IN DYNAMITE CASE

TESTIFIES KANSAS CITY MAN CONSPIRED WITH McNAMARA

Witness Says He Was Offered \$200 to Blow up a Bridge West of Missouri River—Wanted a Non-Union Man for the Job—Defendants From Peoria are Surrendered by Bondsmen.

INDIANAPOLIS, IND., NOV. 19.—Labor conditions in Kansas City, Mo., in which W. Bert Brown, business agent of a local iron workers union is alleged to have conspired with J. B. McNamara to have a bridge across the Missouri river blown up and to induce a barber to do dynamiting at Los Angeles, were described at the "dynamite conspiracy" trial today. Charles Brown, who had been referred to by the government as a "citizen with important evidence," testified he became acquainted with McNamara at a barber shop, and later having met the dynamiter on the Pacific coast, McNamara loaned him \$50 with which to return to Kansas City.

Offered \$200 for Dynamite Job. "McNamara told me he could fix it so I might earn lots of money," said the witness. "He said a lot of non-union jobs were to be blown up and there would be work in Kansas City. He introduced me to Bert Brown and said he would pay me \$200 to blow up the bridge. Brown said it was an open shop job and they wanted to make the contractor put on union men. I asked Brown why he didn't do it, and he replied they wanted to get some one outside the union, because union men would be suspected. McNamara said he would see that I got the \$200 from Brown and then I was to go to Los Angeles where there would be a lot of cleaning up. I was interested in an amusement enterprise then and, after putting them off, finally told them I would not do it."

That Eugene A. Clancy, San Francisco, and John J. McNamara talked about blowing up a cathedral in construction in Indianapolis, was testified to by Patrick J. Dugan, a former iron workers' business agent. Dugan said he accompanied McNamara and Clancy when they went out to look at the cathedral and after McNamara had pointed out a place to put the explosive, Clancy measured off with his feet to learn whether a wall would fall on a nearby residence, but the explosion did not occur.

Peorians Surrendered by Bondsmen. Edward Smythe and James E. Ray, Peoria, Ill., among the 45 defendants, were taken to jail tonight because their bondsmen had surrendered them. It was said the men would procure new bonds tomorrow.

Testimony was given that Smythe attempted to conceal evidence in connection with an explosion at Peoria on September 4, 1910. McNamara had testified that Smythe had assisted him in carrying nitro-glycerin to the job. When the government examined the register where McNamara had after McNamara had pointed out a place to put the explosive, Clancy measured off with his feet to learn whether a wall would fall on a nearby residence, but the explosion did not occur.

## LABOR BODY DISCUSSES SHERMAN ANTI-TRUST LAW

Speakers Arraign Measure as a Menace to Right of Workers—Question of Taking Up Its Amendment Referred to Committee.

Rochester, N. Y., Nov. 19.—An all-day discussion of the Sherman anti-trust law as interpreted in the Danbury Hatters case today prevented consideration by the American Federation of Labor convention of the committee on education's report on the resolution favoring the adoption of industrial unionism. When discussion of the Sherman law was ended the question of taking steps to encourage its amendment was referred back to the committee on president's report. The committee will make a recommendation later in the week. By a special order of business discussion of industrial unionism was set to follow the Sherman law discussion and will be taken on tomorrow morning. Throughout the day speakers arraigned the Sherman law as a menace to the right of workers to associate for purposes of common interest.

At the afternoon session socialists urged their plan for defeating the law, and several leaders of the conservative side rebuked them for bringing up a political discussion in a labor convention. Charges of disloyalty to labor's cause were made against Socialists by President Gompers and others of the conservative wing and there were replies by Duncan McDonald, Frank Hayes and John H. Walker of the United Mine Workers.

## HAS NEW SUPERINTENDENT.

Detroit, Nov. 19.—R. P. Dalton today was appointed superintendent of the Chicago division of the Pere Marquette railroad to succeed Fred Hartenstein.

## BUILD UP DEFENSE FOR FITZGERALD

COUNCIL SHOWS OTHERS HAD ACCESS TO CAGE IN SUB-TREASURY

Purpose is to Prove That Former Government Employee Charged With Embezzling \$173,000 From Government Was Not Only One Who Had Chance at Money—Cashier Russell a Witness.

CHICAGO, NOV. 19.—Counsel for George W. Fitzgerald, on trial before Federal Judge Carpenter charged with having embezzled \$173,000 of government money, occupied the afternoon in attempt to obtain admissions from Frank G. Russell, cashier of the sub-treasury, favorable to his client. Mr. Russell was examined earlier in the day as a government witness.

Others Had Key to Cage. Some of the facts brought out by the cross-examination of the witness were:

That both Russell and William Bodenweck, former sub-treasurers, held master keys to Fitzgerald's cage.

That three express men were allowed to enter the banking department of the sub-treasury without being accompanied by a government official. That several other employees besides Fitzgerald failed to register on the time clock on different occasions during the week, preceding the discovery of the shortage.

That the iron mesh surrounding Fitzgerald's cage did not reach to the floor and that the missing money might have fallen to the floor, in which case some one on the outside could have picked it up.

Fitzgerald Remained on Duty. That packages of mutilated money in Fitzgerald's possession were not counted after the shortage was discovered.

The witness said that Fitzgerald assumed entire responsibility for the money on the day it disappeared and remained in the sub-treasury the entire afternoon. He said it would be impossible to identify the missing bills or their denomination.

## DARROW'S TRIAL POSTPONED.

Los Angeles, Cal., Nov. 19.—The second trial of Clarence S. Darrow, former counsel of the McNamaras on the charge of having bribed a juror in the dynamite trial, was again postponed today by agreement of counsel. The case is now deferred from November 25th to January 6th.

## J. J. HILL ADDRESS MINNESOTA CONSERVATION CONGRESS

"Empire Builder" Declares Intelligent Agriculture Alone Will Increase Yields.

Minneapolis, Minn., Nov. 19.—The needs of the northwest with regard to proper agricultural development and the finance problems of the United States as related especially to agriculture of the northwest were the principal themes of discussion today at the opening sessions of the second annual Minnesota conservation and agricultural development congress, held in connection with the Northwestern Products Exposition here.

James J. Hill, "the empire builder," was the principal speaker, delivering an address on agricultural development in Minnesota late today. Among others prominent who spoke were Dr. Henry Wallace of Des Moines, Iowa, and E. D. Fisher, of New York. That intelligent agriculture alone will increase yields and profits keeps the soil impaired, reduce the loans rates and keep men on the farm was the declaration of Mr. Hill.

"Seasons like the present are only breathing spaces for rectifying the errors of the past," he said. "The long years will come again. They will be leaner than ever unless the men are bing wiser in the city who are needed in the country. We must recognize the farm as the cornerstone of national prosperity and of national character itself."

Dr. Wallace pleaded for a teaching in rural schools of those things which would aid the pupil in the profession of his fathers—that of tilling the soil, and Mr. Fisher, who is deputy controller of the city of New York urged the need of some new system, or some change in the present system, whereby the agricultural borrower shall be brought into closer touch with the great central sources of credit.

## VISITS GOVERNOR GENERAL.

Hamilton, Bermuda, Nov. 19.—President-elect Wilson today paid an official visit to the governor-general, Lieut.-Gen. Sir George M. Bullock. Later he had tea with the army officers.

## RESUME CASE FRIDAY.

Washington, Nov. 19.—The hearing of the federal anti-trust suit against the International Harvester company will be resumed at Chicago Friday with officials of the so-called trust on the stand. After hearing a number of witnesses in Chicago the hearing will be adjourned to St. Louis.

## DR. JAMES CHOSEN PRESIDENT.

Washington, Nov. 19.—Delegates to the National Associations of State Universities in annual convention here for the last two days, concluded their sessions late today with a call upon President Taft at the white house.

## ORDERS WARRANTS BE NOT SERVED

WICKERSHAM THINKS EVIDENCE IN OIL CASE INSUFFICIENT

W. H. Gray of Houston Criticizes Attorney General for not Arresting Archbold, Folger and Teagle—Wickersham Answers.

WASHINGTON, NOV. 19.—Attorney General Wickersham has directed that warrants be not served upon John D. Archbold, H. C. Folger, Jr. and W. C. Teagle, of the Standard Oil company, as a result of their indictment at Dallas, Texas, last August in connection with the case against the Magnolia Petroleum company. The attorney general stated that the evidence in possession of the government at the present time is insufficient to sustain the indictment of these officials and justify removal proceedings.

Mr. Wickersham has summoned the United States attorney at Dallas to Washington for a conference about the case. Charles G. Morrison of Chicago who was associated with Frank B. Kellogg in the prosecution that ended in the dissolution of the Standard Oil company has been engaged by the attorney general to conduct the pending investigation of the oil industry to ascertain whether the decree of dissolution has been violated. The situation in Texas will be considered by Mr. Morrison. These facts developed today after a call upon the attorney by W. H. Gray, an attorney of Houston, Texas, who was a witness before a grand jury that returned the indictments.

## Criticizes Attorney General.

Mr. Gray issued a statement tonight criticizing the attorney general for not arresting Archbold, Folger and Teagle, pointing out that the other men indicted at the same time have been served with warrants.

Mr. Gray quoted the attorney general as expressing the belief that on a hearing before a United States commissioner subsequent to arrest there would be sufficient evidence for the removal of the men to Dallas for trial.

Mr. Gray says he told Mr. Wickersham that he did not believe it was within the providence of the United States commissioner at New York to try the case on its merits to ascertain whether he, in his judgment, thought the evidence sufficient to convict, but that that was the province of the Dallas federal court, and that the warrants ought to be served.

## Thinks Evidence Insufficient.

Attorney General Wickersham after reading Mr. Gray's statement said he had directed that the warrants be not served because he thought the evidence insufficient. He said he told Mr. Gray he had seen Dallas to come to Washington and confer with the department about the case.

Mr. Wickersham said he called in Mr. Fowler (assistant to the attorney general) who has immediate charge of the matter and made with him and Mr. Gray an appointment for the latter to confer with him tomorrow morning at 10:30 o'clock. This was practically all that passed between us.

"Apparently he has repented of his promise to return and assist the department and prefers to rush late print with his statements."

## FAILED TO FIND INDICTMENT

New York, Nov. 19.—The grand jury which has been investigating the stabbing of Fred S. Judson a Chicago bond salesman in the apartments of Mrs. Otto Desnick on October 11th, today failed to find an indictment against the woman's husband who had been accused of attacking Judson, but against whom Judson refused to make a complaint.

## EARTHQUAKE IN MEXICO.

Mexico City, Nov. 19.—For four minutes today long undulating waves of an earthquake rocked the city, but without doing great damage. The disturbance resulted in the loss of two lives, however, instruments in the government station continued to record vibrations for 24 minutes and 6 seconds, showing that the center was about 95 miles away.

Reports received here indicate that the shock was more severe in the state of Mexico than in the capital. Eight small towns suffered losses.

## WEATHER INDICATIONS AND TEMPERATURES.

Washington, Nov. 19.—For Illinois—Fair Wednesday, warmer central portion; Thursday fair, moderate south and southwest winds.

## ARMISTICE REPORT APPEARS UNFOUNDED

Despatches From Turkish Commander Show Long Artillery Duel

## TURKEY MAY DECLINE

Reports Show She Still Possesses Large Army Behind Tchatalja Fortifications.

## HOPE FOR EASIER TERMS

BULLETIN. CONSTANTINOPLE, NOV. 20.—Bulgaria has notified the commander-in-chief of the army at Tchatalja to negotiate the armistice. The negotiations will be conducted at Hademkeni, where Turkey will send her delegates.

LONDON, NOV. 19.—The report that an armistice had been agreed to by the Bulgarians and along the Tchatalja lines for the burial of the dead appears to have been unfounded. Despatches from Nazim Pasha, the Turkish commander-in-chief, show that the artillery duel continued throughout the day. The Turks claim successes against the Bulgarians, but there is nothing definite to indicate that the Bulgarians have moved the serious attempt to penetrate the lines. The battle may be ended at any moment by Turkey accepting the allies' terms for an armistice, which are said to include the surrender of the Tchatalja lines, Adrianople, Durazzo and Scutari.

## May Decline to Surrender.

There is a possibility, however, that Turkey may decline to surrender Tchatalja. While her army has been completely defeated she still possesses, according to the correspondents at the front, a homogeneous army behind the Tchatalja fortifications, largely composed of some of her best fighting material from the Asiatic provinces which has not been in action. Moreover, the demoralization and disorganization which followed the Kirk-Kilis and Lue-Burgas retreats appear to have been remedied and the army is now well supplied with food and ammunition.

Under these circumstances, the porte may be induced to make a further stand in the hope of securing easier peace conditions. Evidently Bulgaria has brought up all her available forces for the attack upon Tchatalja, including some of the Serbian troops, but the task of crushing the Turkish defense may prove a difficult one.

The prospect of European dissensions rising out of the settlement of the numerous territorial claims to be arranged after war, becomes daily more menacing.

## Has Not Presented Ultimatum.

Austria has not presented an actual ultimatum to Serbia, setting a time limit for a reply to certain inquiries which she has formulated, but, short of that, the relations between the two countries are very strained, and Serbia's evident intention to take Durazzo will be still another defiance of Austria.

Vice Admiral Monte-Cucoli, in the Austrian delegate today, warned the members to be prepared for the rise of powerful Balkan navies in the Aegean Sea. This is one of the signs of the re-arrangement of southeastern Europe, as a result of the war, which is likely to keep the European chancelleries in a state of tension for a long time to come.

## Premier for Any Eventuality.

Both Austria and Russia are taking measures so that they will be prepared for any eventuality. It is reported tonight from St. Petersburg that Russia is purchasing several hundred guns abroad, according to a despatch from Belgrade, the Servians wish to establish their claims and it is intended that the king of Servia shall make a triumphal entry into the city. On the other hand the Bulgarians claim that Monastir is situated in a predominantly Bulgarian district, while the Greeks contend that the leading part of the population is of Greek nationality.

The Austrian correspondents consider the breach with Serbia over the treatment of the Austrian consuls, serious. A Budapest message to the Daily Telegraph says Count VonBeerchthold is wont to act without faltering when the time for talking is past. The conversations with the Serbian government—if there still be a government at Belgrade—rapidly are drawing to an unsatisfactory close. Serbia will have it in her power for a couple of days longer to offer apologies and make amends for her breach of international law, but after the lapse of that brief delay the Austro-Hungarian government will deliberately proceed to enforce rights, which even uncultured peoples respect and vindicate the national honor from a wanton affront that started into jealous watchfulness all parties of the Austro-Hungarian nation.

"If, contrary to reasonable expectation, Serbia proves obstinate, the next step will be to despatch a summary note in the nature of an ultimatum setting forth the grievance and demanding speedy redress."

## TALKED TO PUPILS ABOUT BANKING

E. E. Crabtree Made Helpful Address at the High School Tuesday Morning.

Tuesday morning E. E. Crabtree made an address before the students of the high school on banking. His address which was heard with great interest was one of the series arranged for the pupils of the high school. The speaker began by saying that twenty years or more ago he himself was a high school pupil and that at that time all of the pupils gathered in a few rooms at the fourth ward building and the faculty included only four members. He contrasted those days with the present as indicative of the advances made in recent years.

Mr. Crabtree gave a good, plain, practical talk which proved of interest and profit to his auditors. He said among other things: "Money changers are as old as humanity itself. The Bible tells of driving the money changers out of the temple. I might tell you of some of the old time money changers of ancient days, but I have not the time. The word bank in its original sense means a heap, a pile, an accumulation like a bank of earth or a sand bank. In our days a bank is a warehouse for the storage and payment of money, a manufactory of credit and a machine for facilitating exchanges. Only 5 per cent of a bank's business is cash."

"Today I am asked to discuss three topics—the immediate returns, the opportunity for advancement, the qualities most essential. I dislike to discuss the first before young people for it is the thing that starts so many young people on the wrong road. In choosing a calling the question of immediate returns should be discarded. A man should say to his employers he is willing to take what he is worth, and then do his best. He is not likely to be underpaid. In the second question education counts much. The man with a trained mind will usually outdistance the one without, for he can think more logically, more quickly and do more work. There are great opportunities for men of brains. Rich men are hunting all the time for men of brains to run their banks. City banks are continually after men. Rich men's sons often fail in the work because they have not the quality of 'sticking'."

"Regarding success and the qualities essential. In what does success lie? If in accumulating millions then the qualities are a hard heart and taking advantage of any circumstances. But I am happy to say the banker of today is not measuring success that way. Success means devotion to business, industry, and absolute honesty and without these qualities a banker cannot long survive. Sharp practice doesn't go in the modern bank. The successful banker of today is the one who is looked up to by the community; who gives the widow and orphan good advice; who helps in the upbuilding of the community, and whose mind is a storehouse of general information which he imparts to his customer as needed. Shysters are not long lived in the banking business. Banking gives one a chance to see into every line of business. Boys and girls should have a bank account. Bankers would be glad to know every one of you. I don't think it essential that boys should start with a broom in their hands but should be willing if necessary. Girls are essentially home builders and should in that way be a help to their husbands. The young fellow who wants to be a banker need not start with a broom but he should be willing to handle the broom or do any other useful work."

Ladies' or Men's Sweater coats in the late styles are shown by FRANK BYRNS hat store.

STOREROOM RE-LEASED. Montgomery & Deppie are closing out their stock of dress goods preparatory to surrendering their present storeroom. The building has been leased to another firm and it is understood that a Five, Ten and Twenty-five Cent Store will be opened there. The Montgomery & Deppie lease runs to August 1 next, but they will vacate before that time if they find a suitable room. It is their intention to permanently retire from the dress goods business and will handle only notions and ready to wear garments. Big reductions are being offered and the fact that all the stocks are of such high quality is crowding the store with customers every day.

ON "BOOTLEGGING" CHARGE. Charles Konrad was arrested Monday by Deputies Todd and Andrews on a charge of bootlegging. Konrad was arrested at the intersection of Washington and Cedar streets. He was also recently arrested on a similar charge. All have been indicted by the grand jury and their cases will probably come up in this term of court. After they are through here the federal authorities will take them in charge.

ACCIDENTALLY KILLED. Greentown, Ind., Nov. 19.—Charles Scherer, 34 years old was killed instantly today, piece of iron passing through his heart, while he was experimenting with a powder in an anvil preparatory to a Democratic demonstration here tonight. In an attempt to increase the noise Scherer had placed an iron ring on the anvil before he placed a second anvil on top. He was 250 feet away at the time of the explosion but the ring broke and three of the pieces went almost through his body.

BROWN MAY EMPIRE. Chicago, Nov. 19.—Mordecai Brown, former star pitcher for the Chicago National league team may be an empire in the American league next season. President Johnson has two vacancies on the staff of the new National league to be filled by press to fill, due to the retirement of Jack Sheridan and Jack Egan and said that Brown is being considered for one of the positions.

## Roberts' Thanksgiving Offerings ALL NEW 1912 GOODS

We want the people of Jacksonville who buy Thanksgiving supplies to consider the offerings we are making at this store. Some of the good things we have we mention in this advertisement, but there are hundreds besides. Our aim is to bring the markets of the world, in table needs, to the very door of the homes of Jacksonville. An inspection of our shelves will show you how well we are succeeding in that effort. All we are asking now is for an unbiased, fair consideration of our prices and qualities. In the canned foods we offer, we are giving to our trade the nearest to garden and orchard products that money, skill and labor can supply.

### MOLASSES FROM THE SOUTH.

Here we are again with that delicious Old Fashioned Pure Louisiana Molasses, direct from New Orleans. It is rich in quality and flavor, beautiful in color and you can see it drawn from the barrel in the window. The price is 60 cents a gallon—and a real treat awaits you.

### SHOULD BE NO STATE LINE.

Judge Prouty Addressing Railroad Commissioners Says Federal Body Should Have Final Authority.

Washington, Nov. 19.—"There should be no such thing as a state line in the commercial interests of the United States," declared Chairman Charles A. Prouty, of the interstate commerce commission in his address of welcome at the opening here today of the twenty-fourth annual convention of the association of railroad commissioners. Judge Prouty expressed a desire for harmonious relations between federal and state commissions, but added:

"The federal body finally must be given authority so to regulate traffic as to protect the interests of all and thus prevent the citizens of any one state, in their eagerness to develop the state, from obtaining an undue advantage in rates over those of other states. To that extent the federal commission must be supreme."

"While the railroad is a 'public servant,'" continued the judge, "the old theory that it can be kicked and cuffed at will is innocuous. We are dealing today with the greatest economic problem of the world. The United States is trying an experiment that never has been worked out successfully by any country of the world. That experiment is the control of railroads built and operated by private capital under regulations fixed by the public. The interstate commerce commission and the state commissions can make reasonable rates and regulate schedules for the operation of trains, but can this be done so as to induce the investment of new money necessary for the development and extension of the old railways in building new systems?"

CHICAGO COMMERCE BANQUET. Chicago, Nov. 19.—Officers of the chamber of commerce of the United States were speakers here tonight at the eighth annual banquet of the Chicago Association of Commerce.

Harry A. Wheeler, president of the national organization and former president of the Chicago association, John H. Fahey of Boston, chairman of the executive committee of the national association; H. Johnson and E. U. Kimbark, presidents of the Cleveland and Chicago Commercial associations, respectively, made the chief addresses.

### FOUR BODIES UNCOVERED.

Taken From Canal, Known as "Death Sewer," Which is Being Drained.

Indianapolis, Ind., Nov. 19.—Four bodies have been uncovered, three of them today by the receding waters of the canal, known to the police as "the crime sewer," which is being drained. The first body given up was that of an unidentified baby, only a few days old. A brick fastened about its neck with a ribbon was murder proof to Coroner Durham. Blanche Kimple, a negro, 17 years old, of Peoria, was another victim. She had been missing from the home of a relative only a few days. The police learned that a negro woman was attacked by two foreigners on a bridge where the body was found. A hole in her forehead seems to indicate that she was murdered. William Phibes, another victim, is believed to have fallen into the canal accidentally. Another body of a man, showing no marks of violence, has not been identified.

### SETTLE CASE TODAY.

Arguments Will be Heard on Mrs. Kirby's Refusal to Give Court Information.

Chicago, Nov. 19.—The contempt case of Mrs. Margaret Kirby, wife of Dr. W. T. Kirby, the insane head of the collapsed Kirby Savings bank, will be settled tomorrow in Judge Landis' federal court. Arguments will be heard in the morning on Mrs. Kirby's refusal to give information concerning \$20,000 of the bank's funds. Testimony was given today by

Mrs. Mary Durkin, of Waukegan, Ill., mother of Mrs. Kirby, that she was aware for some time that Dr. Kirby's mind was affected. Mrs. Durkin said she would not give \$31,000 to make good the losses by poor depositors in the bank. The Central Trust company as receiver and creditors of the bank will attack the insanity plea of Dr. Kirby in further proceedings.

Let Garland & Co. solve that suit problem.

### POLICEMAN KILLS NEGRO.

Chicago, Nov. 19.—Clarence Bush a negro, was shot and instantly killed today by a policeman from the Twenty-second street station, from whom he had attempted to escape while being taken to a patrol box. The negro was accused of robbing a pedestrian in West Seventeenth street, and was pursued by the policeman to whom the victim had complained.

St. Louis, Mo., Nov. 19.—Out-boxing his opponent all the way, Harry Trendall of St. Louis was awarded the popular decision over Joe Sherman of Memphis in the eight round bout of the St. Louis athletic club boxing show here tonight; the men are light-weights.

Benny McGovern, St. Louis feather-weight, won on points from Bobby Robinson of Memphis, in the semi-windup. The fight went eight rounds.

In the scheduled eight round preliminary, Kid Farmer of Peoria was awarded the decision when Johnny King, a Chicago light-weight, fouled him in the sixth round.

Cleveland, Ohio, Nov. 19.—Jimmy Duffy of Buffalo, received the decision on points over Harry Lewis, the English light-weight, at the close of their 12-round bout here tonight. ADD FIGHTER

Duluth, Minn., Nov. 19.—Walter Miller of St. Paul defeated Otto Sator of Cleveland, welter-weight wrestling champion, in two straight falls here tonight. One hour, six minutes and 30 seconds was required for the first fall while the second was made in 23 minutes.

### ADDRESSES AD CLUB.

Birmingham, Ala., Nov. 19.—Congressman Oscar W. Underwood, speaking before the Birmingham Ad club here today, on he merchant marine said:

"The time has come when we must find foreign markets to consume our surplus products or future developments in many lines of industry will cease. There are many ways in which we can expand our trade beyond the seas, but the most important of all is the building up of an American Merchant Marine that will give us direct communication with the countries where we wish to trade. We should return to the doctrine of our Democratic fathers and discriminate in favor of American ships in order that we may find foreign markets for our surplus products, relieve congested conditions at home and give labor constant employment."

### CONDEMN PARCELS POST.

St. Louis, Mo., Nov. 19.—Unanimous condemnation of the parcels post marked the opening session of the three days' convention of the National Federation of Retail Merchants today. John W. Barry of Cedar Rapids, Iowa, was one of the speakers today.

### WEST CALLS MEETING.

Chicago, Nov. 19.—Chairman Roy O. West of the Republican state central committee, issued a call today for a meeting of Republican state leaders here early in December to outline plans to re-invigorate the party. Mr. West has asked each county central committee chairman to send him the name of three conspicuous Republicans in his county who can be counted on to attend the meeting.

### KILLED IN PRISON REVOLT.

Rochefort, France, Nov. 19.—Five persons were killed and three wounded in a revolt which took place in the prison here today. Prisoners overpowered their guards and shot to death the warden and his wife. An officer and sailor who went to the assistance of the warden, were dangerously wounded.

Troops drove the mutinous prisoners to the top floor of the prison and killed one of them. The two ring-leaders barricaded themselves in a cell which they defended desperately. They finally committed suicide.

**MRS. GOHEEN ON STAND SEVEN HOURS**

**Witness Seeking Separation From Husband in Pike County Court Is Long Questioned By Attorneys.**

Mrs. Lycurgus Goheen, who is seeking legal separation from her husband in the Pike county courts, was kept on the witness stand for seven hours Tuesday. During all that time the witness appeared strong save for once, when she burst into tears, but soon regained herself. Attorneys Mumford and Crawford are representing Mrs. Goheen and her husband has for his attorneys, W. E. Williams of Pittsfield, and J. Marshall Miller of this city. A large number of witnesses were summoned from this city and as Mrs. Goheen will still be questioned this morning, most of the witnesses remained over for the night. Those coming back, but who will return today, are: Sheriff W. B. Rogers, Daniel Sweeney, Dr. T. J. Pliner, Edward G. Saye and L. H. Whitlock.  
Mrs. Goheen gave an account of her marriage to Mr. Goheen in 1894 and how they lived peaceably together until 1904 when they began to have trouble. In her testimony she alleged that Mrs. Eleanor Williams, who often came to her home, had sought to make trouble between them and that they had tried to get her out of the way, wanting to send her to California. She also recited the various alleged cruelties that Mr. Goheen had heaped upon her, by striking her, tying her with a rope, pulling her around by the hair and in various ways making her life miserable. In order to get out of the trouble she said she left her home and went to Pittsfield to live with relatives. After a time Mr. Goheen went over to Pittsfield and persuaded her to return home with him, which she says she did. Peace in the household did not last long, and again she went to Pittsfield and began to institute legal proceedings for a divorce.  
The prosecuting attorney hurled one question after another at the witness, who would always explain something leading up to the information wanted. It appeared all the time that the prosecution was trying to bring out of the witness that at all times Mr. Goheen had ever provided a home for her, and that, although there were little differences, he had made every possible provision for the household, and had never attempted to turn her out. Mrs. Goheen watched the questions quite closely and appeared to always make making any statement, that would accord with that idea.  
Mrs. Goheen will be put on the stand again this morning and she will be called upon to recite more details of her marital life, and with the other local witnesses, who will appear, the day will furnish the climax to the suit.

**POSTPONE EXECUTION.**

**Respite Granted by Governor so Claud Allen Might Take Appeal.**  
Richmond, Va., Nov. 19.—The date for the execution of Floyd Allen and his son, Claude S. Allen, for participation in the Hillsville court house murders was postponed today by Governor Mann from Nov. 22 to Dec. 13. The respite was granted so that Claude Allen might take an appeal to the United States supreme court on the constitutional ground that his life had twice been placed in jeopardy.  
In announcing the stay of execution, Governor Mann said he granted it upon request of Judge Staples, before whom the Allens were tried. Floyd Allen was sentenced to death for the killing of Attorney Foster. Claude Allen was first sentenced to fifteen years for shooting Judge Thornton L. Massie but on a second trial was sentenced to death for the murder of Attorney Foster.

**DETECTIVES KILLED VOGEL.**

**Autopsy Shows That Man Did Not Kill Woman and Then Shoot Himself.**  
New York, Nov. 19.—Henry Vogel, "Weeping Thief" and "Fagin," master of more than forty girl thieves who stole for him, who died fighting when trapped in a Bronx hotel last night, did not turn his automatic pistol on himself after he had shot one man to death and wounded four others, but with the woman who was known as his wife was killed by bullets from detective's revolvers.  
This new light on the sensational affray was revealed by the autopsy. Vogel's pistol fired only steel jacketed bullets. One lead bullet from a police revolver pierced the heart of the thief, another bored through him under the arm and the third entered his right wrist. The woman who at first was thought to have been killed by Vogel, was also killed by detectives.

**MEMBERSHIP OF 325.**

New Chamber of Commerce Starts Out With Goodly Number.  
The Jacksonville Business Men's association, which heretofore will be known as the Chamber of Commerce, now has a total membership of 325 as the result of the recent campaign. The various committees divided the town into districts and as far as possible every citizen of Jacksonville was asked to become a member. The organization has been given a splendid impetus and it is hoped that by the united effort still greater things will be accomplished for the city.

A special call meeting of the Young Men's Booster club will be held Thursday evening at 7:30 in the business men's rooms.

**C. W. FAIRBANKS IS VISITOR IN CITY**  
**FORMER VICE PRESIDENT SPENT SEVERAL HOURS HERE TUESDAY.**

With Son and Brother Has Been to Inspect Farm He Owns in Greene County—Believes in One Term for Presidents—Praises Record of Republican Party and Says People Will Need Its Services Again.

A record on the register of the Dunlap house Tuesday evening read, Charles W. Fairbanks, Indianapolis, Ind., Fred C. Fairbanks, Pasadena, Calif., W. D. Fairbanks, Decatur, Illinois and revealed the presence of illustrious citizens in Jacksonville. The party included former Vice President Fairbanks, his son and his brother. A Journal representative was accorded an interview with the former vice president who meets everyone without any condescension and with marked courtesy.

The writer had seen Mr. Fairbanks a number of times and knew him at once as he sat in a chair in the office of the hotel and found him ready to grant any reasonable request made of him.

**Has Farm in Greene County.**  
"Are you enjoying a journey at present?" was asked.

"We have been to Greene county looking after interests I have there. I have a farm in that part of the country and accompanied by my son of Pasadena, California, and my brother of Decatur, have been inspecting the farm and arrived here this afternoon by automobile and expect to go on to Decatur this evening with my brother for a visit at his home."

"What is your opinion regarding the coming session of congress?"

"Naturally the short session will be almost entirely occupied with routine business, passing necessary appropriation bills and the like."

"What do you think of the special session to be called?"

"Of course no one can tell in advance what will be done. Questions will come before the body for consideration and no one can predict very well regarding it."

"What do you think of the question of one term for the president?"

**Favors Six Year Presidential Term.**  
"I am fully in favor of a constitutional amendment making the presidential term six years and the incumbent forever ineligible to the office again. It is wholly reasonable to claim that in such a case a man will have ample time to become well acquainted with the duties of the office and will give his time and attention to the discharge of those duties and will have no temptation to shape things so as to bring about his election to another term."

The Republican platform of the state of Indiana went on record as favoring this plan this year.

"What do you regard as the future of the Republican party?"

"The Republican party is destined to live and in the future as in the past, stand for principles which lie at the foundation of all good government and progress in the real sense of the term and will in due time be called to power by the people winning and keeping their confidence and will prove as sagacious, patriotic and wise and devoted to the welfare of the people in the future as in the past. The people will need and will have the services of the party which has done such grand things for the land. We all know the past and what the party has done and its work is by no means at an end."

"What do you think of President Taft?"

**Taft Has Good Record.**

"Mr. Taft has made an excellent president and by every fair and honorable consideration was entitled to a second term. He will go one of unparalleled grandeur and general respect of the people. His administration will stand in history as one eminently successful. No man is perfect of course, but Mr. Taft has made an excellent officer at the head of the national government and has managed many difficult situations with tact, honor and eminent justice and has shown himself a statesman of whom the nation has no cause to be ashamed but rather to be proud."

"What of the future?"

"There will be a need of the services of the Republican party. The great increase and development of this country, the many intricate questions arising and the imperative need of wisdom and statesmanship in managing affairs will unavoidably call to power the Republican party, a party which comprehends the increasing needs of the country and which has demonstrated its capacity to manage them. The Republican party has the proud record of having never failed in the past and when we call to mind the conditions of the country when it has taken the management of affairs its record is one of unparalleled grandeur and statesmanship; of wisdom in guiding the ship of state through stormy seas to a successful voyage at last."

"What do you think of Governor Deneen?"

"I was sorry to see him defeated at the polls. He has made a good governor and if re-elected would have fully justified the confidence the people placed in him."

"What do you think of Illinois?"

**Pays Tribute to State.**

"Illinois is truly a wonderful state. Its location, vast resources, high minded citizens, thrifty and prosperous, are a guarantee of future greatness. Its broad prairies, its soil of marvelous fertility, its wonderful metropolis, Chicago, the second city of the continent, growing like a giant and reaching out ever to new conquests, its wealth of mineral resources, its facilities for transportation, its restless activities, immense capital in the hands of its corporations,

banks, citizens, its great body of industrious, thrifty farmers, mechanics and laborers, its statesmen, its captains of industry, its financiers and growing manufactures and many other things which cannot be enumerated all stamp Illinois as a mighty commonwealth with an unbounded future awaiting it.

"Then too, think of its glorious history. While the great emancipator Abraham Lincoln, was not a native of Illinois still she gave him to the nation to lead it through the most trying period of its existence with such rare statesmanship, tact and wisdom as to prove him one of the greatest men the world has produced. It was from Illinois that General Grant went to the head of the army and head of the nation later; it had the noble war governor Richard Yates, who stood like a giant for the union, fearless of foes in the rear or at the front. The list can be prolonged indefinitely and I regard the whole grand galaxy as men whose names never will perish."

"What are your impressions of Jacksonville?"

**Good Impression of Jacksonville.**

"You certainly have a beautiful city here. I visited it a number of years ago and am pleased to note the improvements which have been accomplished since that time. It ranks among the leading cities of the state and you have good reason to be proud of your educational institutions which have such a wide fame throughout the country. From Illinois college I understand have gone forth many men to aid in the great work of the nation. What impresses me so particularly though is your well shaded streets and avenues. In that respect Jacksonville is a place of rare beauty and attractiveness. Nothing contributes more to the home like atmosphere and beauty of a place; its great attractions and fame for loveliness than well shaded avenues and streets. Although my visit has been perforce short it has been pleasant and enjoyed to the full for I have been able to take in much of the peculiar beauty of your city."

The writer found Mr. Fairbanks' son and brother both very affable gentlemen though naturally it was with the illustrious statesman that he did most of his talking.

**Talked of Travels.**

Mr. Fairbanks has traveled extensively and talked with remarkable intelligence and wide range of knowledge of his various adventures and places he had visited. His memorable tour around the world will be remembered by many and he spoke with animation regarding China which he found so interesting and which has such a wonderful future before it. Japan and Korea were discussed with equal interest and the gentleman showed a wonderful memory and proved that he had been a careful student of conditions while visiting those far away lands. The route home also was graphically described but the interview was mainly for the gentleman's opinions regarding public affairs in our own land and farther space will not be devoted to the very interesting remarks made about his globe encircling tour.

The three gentlemen remained until the 8:25 train for the east and then took their departure for Decatur.

**CASH REGISTER TO THE BAR.**

Cincinnati, O., Nov. 19.—The prediction that the case of the National Cash Register company would be one of the important anti-trust prosecutions left over for the Wilson administration to push to a conclusion is not likely to be fulfilled. The case was called in the United States district court here today, a special panel of jurors has been drawn, and the indications are that the trial will proceed without delay.

In point of magnitude of the property involved and the prominence of some of the individual defendants the case is one of the most important of its kind ever pressed by the government. The defendants, thirty in number, must answer to charges of conspiracy to obstruct and monopolize the cash register business, in violation of the criminal provisions of the Sherman anti-trust law. The indictments were returned by the federal grand jury sitting in this city last February.

The principal defendants named in the government bill are the following officers of the National Cash Register company: President, John H. Patterson; vice president, Edward A. Deeds; secretary, George C. Edgeton; treasurer, W. F. Bippus; directors, William H. Muzzey, William Pflom and Alfred H. Thomas. All are residents of Dayton, Ohio, where the factory and general offices of the company are located. In addition to those named the defendants include more than twenty officials and managers of the branch sales department of the company.

The National Cash Register company is alleged to have gained a monopoly of the business during the last twenty years, the actual offense charged in the indictment covering a period of three years. The methods alleged to have been used to obtain the monopoly charged are as follows:

Threatened suits for infringement of patents to be brought to harass competitors, not for valid legal reasons.

Selling imitations of competitors' machines as "knockers" to prejudice customers of business rivals.

Tampering with employees of competitors.

Organizing spurious competitive companies.

Seeking patents on inventions of competitors.

Buying up competitors or forcing them out of business.

Bribing employees of competitors and employees of transportation, telephone and telegraph companies.

**A WORLD'S CITIZENSHIP MOVEMENT.**

Among the many present day movements for the uplift of humanity none figure more largely than the World's Christian Citizenship Conference to be held in Portland, Ore., June 29 to July 6, 1913, which is commanding the attention of leaders of Christian thought and action the

world over. On the program of this eight day conference there are to be at least one hundred of the world's ablest statesmen—one or more from each of the principal countries of the world—such as Professor Richard Lodge of Edinburgh University, Scotland; Charles Merle-d'Aubigne, Paris, France, son of the famous French historian D'Aubigne; Dr. Armenag Halgazon, Konla, Asia Minor, Turkey; Ng Poon Chew of Canton, China; Baron Nicolle of St. Petersburg, Russia; Pastor LeSeur of Berlin, Germany; Professor Alberto Clot of Palermo, Italy; Dr. Karl Fries of Stockholm, Sweden; and President-elect Woodrow Wilson of New Jersey; Governor Chase S. Osborn of Michigan; Judge A. Z. Blair of Ohio; Judge Ben Lindsey of Denver, Colo.; Drs. Benjamin Ide Wheeler of Berkeley and David Starr Jordan of Palo Alto, Cal., all of our own country. Every organization in the world, and especially in our own country, looking

toward the uplift of humanity is entitled to representation in this world assembly. Already there are thousands of delegates appointed to attend it and other thousands still are certain to be appointed. Fully twenty thousand are expected to be in attendance.

Among the problems to be discussed at the conference are peace and war, intemperance, socialism, capital and labor, emigration and immigration, prison reform and social service, the claims of delinquents and dependents upon society, political corruption, the weekly rest day, laws affecting family life, including marriage and divorce, and the relation of public education to morality and religion.

The general superintendent is Dr. J. S. Martin, 603-604 Publication Bldg., Pittsburgh, Pa., who will answer all inquiries and from whom literature relating to the conference may be had for the asking.

### THE REAL TEST

Of Herpicide is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vizors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

# YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

## MAY COMBINE MANY COAL MINES

Peabody Interests Have Options on Many Properties in Sangamon County.

The Springfield Register gives the following story about the possible merger of all coal mines in the vicinity of Springfield:

Frank S. Peabody, the Chicago capitalist and promoter of coal mergers, is again active in Sangamon county.

When the Peabody options that had been secured on the properties of 25 to 30 mines in this territory expired a little more than a month ago, it was supposed that the proposed merger of the local mining companies had been given up for good and all so far as the Peabody interests were concerned. This, however, did not prove to be the case. Later the options were in most cases renewed. The extensions were in some instances made to run until December 15, next, and in other cases until January 1, 1915. Today the Peabody interests hold options on the properties of probably 25 coal companies in Sangamon county.

One reason given for the fact that the options were in the first instance allowed to expire is that they did not extend over sufficient time to allow a close examination of the value of the business and physical properties of each company. The extension of time is now permitting this examination. Such an examination will, it is thought, make it possible, where it may have been impossible in the former instance, for Mr. Peabody to raise the large amount of capital required if the deal is to be put through.

Arthur Young & Co., an auditing company of Chicago, supposedly acting under Mr. Peabody's instructions, have within the last 15 days sent accountants to this city and these men are now at work on the books of the mining companies on the property of which options are held. Peabody engineers are also said to be on the ground examining the different properties and putting a physical valuation on them.

Another reason given for the fact that the options were not taken up in the first instance, is that the price asked was in most instances considered too high. Present options are said to call for a total expenditure of something like four and one-half million dollars, but, according to one local operator, even this figure is high, and the properties, if bought, will probably bring no more than three to three and one-half million dollars.

One local operator points out that granting the Peabody deal goes through, the general consumer should be benefited by it. Under present methods of selling, affirms this operator, "the general consumer is often made to pay for part of what the large consumer uses. As an instance, take the method used in dealing with many railroad companies. These companies maneuver round in such a way as to force the price of coal they buy down to below cost, and that this loss may be met by the selling mine the price to the general consumer is raised. A merger of the local mining companies would make it impossible for the railroad companies to set their own price on the coal, and thus the mines could afford to sell that part of their product that goes to the general consumer at a price per ton lower than that now often demanded."

## QUICK RELIEF

### FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist, house.

### SURVEYING SOIL OF ILLINOIS.

Champaign, Ill., Nov. 19.—What is now considered one of the most gigantic tasks ever undertaken by any group of agricultural experts in the interest of scientific farming is the compiling of soil reports of every county in Illinois, now under way under the direction of Professor C. G. Hopkins, J. G. Mosier, J. H. Pettit and Superintendent J. H. Reddimer of the College of Agriculture of the University of Illinois.

These soil maps are issued in the form of a bulletin for each county. Bulletins for Hardin, Moultrie and Clay counties have already been issued, and those of Sangamon and LaSalle are on the press.

It is expected to continue this work until all of the counties of the state have been surveyed. These maps will be of inestimable value to farmers.

### MISSOURI SUNDAY SCHOOLS.

Kansas City, Mo., Nov. 19.—Opening today with a large attendance and everything in good working order, the annual convention of the Missouri Sunday School association bids fair to be the medium of substantial advancement in Sunday school work throughout the state. The convention will continue three days with James J. Parks of St. Louis presiding. Officers of the international association and other Sunday school workers of wide reputation are here to address the convention.

## STATE NEWS.

Grundy County Seat Fight—Morris will continue to be the county seat of Grundy county. This question was settled definitely at an election held in Grundy county when a proposition to move the county seat to Mason was submitted to the voters. It was defeated by a majority of 2,755.

May Bar Hunters for Five Years—The farmers of Eldorado township met and signed resolutions not to allow hunting on their land for five years, and have requested the sheriff to appoint a deputy to assist in carrying out the resolution. The county farmers' meeting will be held at Harrisburg November 17, to pass resolutions against hunting.

Uses Prisoner as Hunting Dog—Westel Plummer, height six feet three inches, weight 246 pounds, found himself transformed into a hunting dog when Deputy Sheriff Wilbur Morris, at the point of a gun, forced Plummer to crawl into a tile and capture a rabbit which sought refuge there. With Plummer, wanted for horse stealing, as his prisoner, Morris was driving along a country road when a rabbit jumped out of the brush and ran into a tile. Morris brought his horses to a stop and ordered Plummer to crawl into the tile after the game. The prisoner, coaxed with a revolver, got the rabbit.

Traffic on the Alton—The C. & A. officials are making an effort to move the freight traffic now on the line. The rush for coal has become so great that the movement is testing the capacity of the power and a few more locomotives would prove of great help just now. It was supposed that the Bloomington shops could supply sufficient power by working full time, but the demands of the western division have been so great, far more than expected, that the number of engineers available is short of the number that could be used to advantage. The weather, fortunately, has been in favor of the company, and this has kept a vast volume of traffic moving.

Griggsville Fair Made Money—The report of the treasurer of the Griggsville fair association shows that the association made \$100 on the fair this season. The following officers were elected for the ensuing year: George Carnes, president; Sam Knox, first vice president; William Dunham, second vice president; Ross P. Shihin, secretary; John S. Polmy, treasurer.

Shocking Death of a Child—Ruth, the little daughter of Mr. and Mrs. C. S. Brown, residing one and a quarter miles east of El Paso, was instantly killed when she was accidentally caught in the shafting of a corn dump and whirled around, suffering a broken back, a broken leg and a broken arm. The dump was being used in elevating corn from a wagon into a crib. The father was in the crib and a hired hand in the wagon. The shafting was only about a foot from the ground. The little girl was playing near and was caught up in the shafting and whirled to death. The parents are prostrated over the affair.

Smallpox at LaSalle—Smallpox is spreading in LaSalle and becoming more serious each day. A lot of vaccine virus shipped to LaSalle is ineffectual and many people will have to be revaccinated. It is thought the virus became deadened through being heated while being shipped. One local factory will vaccinate a certain number of employees at a time so the factory may not have to shut down.

Forty Years Station Agent—Chas. Brown, father of Supervisor Con Brown, of Wayne township, Co. Brown, retired as station agent for the Rock Island at Geneseo after a continuous service of over forty years. He is the second agent of the company to come under the pension system inaugurated by the Rock Island a few years ago. Mr. Brown will be succeeded by G. C. Bradford, station agent at Spring Valley.

Champion Corn Husker—Although a little early in the season, yet the facts stand to prove that Jim Denney has won the championship record for husking corn. He is working for Joseph Taylor, near Empire. Last Monday he husked and scooped 161 bushels and forty pounds on a basis of seventy-five pounds to the bushel.

Shortage of Cars—Notwithstanding the efforts of the railroad companies all over the country to relieve the congestion of shipping, the shortage of cars is becoming more alarming every day. Coal is the principal article that is being shipped in large quantities, but there is also much grain, especially in the western states, that is being held up on account of the shortage.

The Alton is doing everything to keep the shippers properly supplied with cars. The repair shop at Bloomington is turning out more cars daily than ever before, but the supply is not yet equal to the demand. Engines are also wanted on nearly every road in the country. The Alton endeavored to borrow some from other roads to tide over this emergency, but the other companies were in the same straitened condition.

## SEEMS LIKE A GREAT DISCOVERY.

Mr. Malloy's Alleged Discovery Will Rob Whooping Cough of Terrors. Another human affliction, especially falling in infancy and childhood, seems destined to take its departure. Modern science is in pursuit of whoopingcough, and Dr. A. P. Malloy of the Boston City hospital claims to have discovered the bacillus of that distressing disease. If his claim is verified, cure or prevention will follow in due time.

Doctor Malloy is reported to have discovered that whoopingcough is due to a bacillus which finds lodgment on the cilia which project from the mucous surfaces of the air passages of the lungs. He asserts that these bacilli cover the cilia and diminish their flexibility, or stiffen them, thus depriving them of their vibratility, upon which the free action of the air currents in the lungs depends. The spasm of whoopingcough, he is reported as holding, is nothing but the involuntary struggle of the lungs to force the cilia to perform their natural vibratory motion in spite of their debilitated condition due to the lodgment upon them of millions of the bacilli which he claims to have discovered.

It follows from the alleged discovery that a serum will eventually be discovered which will immunize the human system to whoopingcough just as vaccination operates in respect to smallpox—always assuming of course that the discovery claimed has really been made.

Whoopingcough has long puzzled the medical profession. Until the early part of the eighteenth century it was supposed to be a catarrhal affection; but that belief has been entirely abandoned. That medical science has a cure for it is nowhere claimed. The best that can be done for it is to moderate its severity by treatment.

The disease in its simple form is not regarded as dangerous and has to be permitted to run its limited time; but in complications with pulmonary or cerebral diseases it may often do serious harm. Because of the distressing character of the disease in simple cases and its fatality in complications, its cure—or better, an immunizing treatment—is highly desirable.

If therefore, Doctor Malloy's discovery shall prove to be in fact a discovery, and shall lead to a preventive remedy for whoopingcough, dwellers in the temperate and cold regions of the earth, to which the malady is almost exclusively confined, will have cause to be thankful.

There is ground to believe we have not reached the limit of immunization from contagious ailments. Just now we get the report that, of 57,000 troops in the United States, only twelve have suffered from typhoid and only two died from that disease in the past ten months. This favorable report is made possible, it is claimed, by the employment of antityphoid vaccination, which is now required in the army. The time may be near when whoopingcough will be obviated with equal success by an operation in vaccination as simple as that now so successfully employed against smallpox.

## IVAN DOSEFF HAS MANY RELATIVES IN TURK WAR.

Ivan Doseff, who umpired the football game at Elgin Saturday, is a native of Bulgaria and has eleven cousins in the war with the Turks, few of whom he expects will return home. Doseff left home before he was of age and hence was not subject to the call to arms. Three weeks ago he determined to enlist, but respecting the wishes of his mother, who recently came to America to reside, decided to remain in Chicago. He says the allies are suspicious of Austria, whom they believe is seeking an opportunity to wrest territory which will give them an outlet on the Mediterranean.

## DOING

## Not Much Difference What You Do

If you have your wages all spent by the time you get them—might as well be a slave and be done with it! Slaves got their board and clothes and a place to sleep—and that's about all the man has who only has his week's wages long enough to divide them up between the grocer, the butcher, the rent man and the coal man!

Quit working for the grocer and the others—save 20 per cent and have money in your pocket! You can do it by paying cash and we will let you have all the money you need to start. You can pay it back a little each week or month.

## ESTABLISHED 16 YEARS

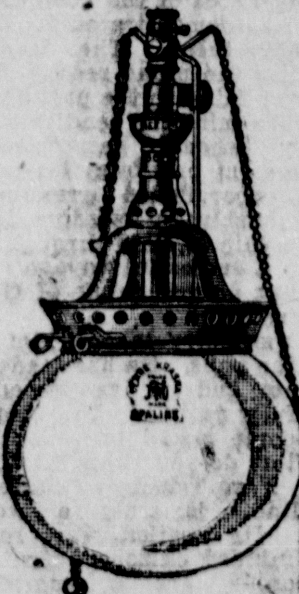

On the day that William McKinley was elected president of the United States, The Johnston Agency was opened in the Duncan Bldg. It remained there 11 years, and has now been 5 years in the Courier Bldg. During these 16 years we have loaned approximately two million dollars of Morgan county money on Morgan county land and Jacksonville residence property. During all that time the only property the lenders have had to take under mortgage was one of the owners of which had died. We respectfully solicit the placing of your loans, the selling of your real estate and the writing of your fire and tornado insurance business.

BAD BREAKING OUT ON CHILD'S SCALP

Little White Lumps, Pimples Would Break and Run Matter, Itching and Burning. Hair Came Out in Bunches. Cuticura Soap and Ointment Cured. Also Made Hair Grow.

813 E. Second St., Muncie, Ind. — "My little girl had a bad breaking out on the scalp. It was little white lumps. The pimples would break out as large as a common pinhead all over her head. They would break and run yellow matter. She suffered nearly a year with itching and burning. It was sore and itched all the time. The matter that ran from her head was very thick. I did not comb her hair very often, her head was too sore to comb it, and when I did comb, it came out in bunches. Some nights her head itched so bad she could not sleep. "I tried several different soaps and ointments, also patent medicine, but nothing could I get to stop it. I began using Cuticura Soap and Cuticura Ointment this summer after I sent for the free samples. I used them and they did so much good I bought a cake of Cuticura Soap and some Cuticura Ointment. I washed her head with Cuticura Soap and rubbed the Cuticura Ointment in the scalp every two weeks. A week after I had washed her head three times you could not tell she ever had a breaking out on her head. Cuticura Soap and Ointment also made the hair grow beautifully. I cannot say enough for them for they cured my little girl." (Signed) Mrs. Emma Patterson, Dec. 22, 1911.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Be Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free

ALLIANCE OUT OF ORDINARY

London, Nov. 19.—An international matrimonial alliance that reversed the general rule of titled bridegroom and American heiress was celebrated in Holy Trinity church, St. James street, today, when the Countess Camilla Hoyos became the bride of Charles W. Short, Jr., of Boston. The wedding attracted a large gathering of fashionable society. The countess was given away by her eldest brother, Count Hoyos. Mr. Short was attended by his brother as best man. The bride looked very pretty in a gown of white chiffon with an old Brussels lace train and veil. She was attended by six bridesmaids gowned in white chiffon, trimmed with white swansdown. The ceremony at the church was followed by a large reception at the home of the bride's mother in Cumberland Place.

The bride is the youngest daughter of the late Count George Hoyos of Fiume, Austria, and she has passed much of the time in London with her widowed mother, who is an Englishwoman, a daughter of the late Sir William Whitehead. The widowed Princess Herbert Bismarck is a sister of the bride.

TO KEEP FARMER ON THE FARM

Hutchinson, Kan., Nov. 19.—Agricultural experts and progressive farmers gathered here in force today to take part in the Kansas Agricultural and Industrial Congress. The sessions will last two days. Increased yields, better highways, improved marketing conditions, and similar topics are slated for discussion, but most attention will be directed to the problem of how to keep the farmer on the farm.

THE STRAWN SCHOOL

A Pleasant Temple of Learning Situated a Few Miles Southwest of the City and Well Managed.

Travelers who drive southwest of the city will find some very attractive landscape along the way. Go south by Diamond Grove cemetery as far as you can and then turn west and you will pass over a romantic bit of road.

Keep on westward as far as you can, and it will not be very far, and at the corner of the road and the one going south you will come to the handsome residence of Patrick Shanahan, which is an ornament to the vicinity.

But don't be in too big a hurry but stop a few rods before you get to the corner and on the north side of the road you will see the Strawn schoolhouse, situated a little way from the road and most delightfully located in a lot of ample size and well set to grass not tramped on so as to look forbidding. The gate to let you in is a rather cumbersome affair, serving for both man (and woman) and beast but it answers the purpose very well.

The teacher of this school is Miss Margaret Murphy and all things seemed to indicate that the directors had made a good choice when they employed her. The schoolhouse is well supplied with equipment in the way of maps, library and charts and Miss Murphy said the directors were kind to her in getting what she needed for the management and successful carrying on of the work.

On the walls of the building were a few pictures of great men and one or two of good landscapes and such a good beginning might be continued with profit a little farther along.

The building is in good condition and is heated with a stove but one of the directors said they were contemplating the purchase of a furnace before another school year. That would be a gain as the heating of a school house is an important matter though except in very cold weather a stove answers quite well but when a hot fire is needed then it is unavoidable that the pupils near the stove are too hot if the others are comfortable.

It is a pity that such a handsome lawn should be devoid of trees and this fall or next spring the directors and friends would do well to get out with spades and grubhoes and collect a few trees and plant about the lot.

Miss Murphy has a bright, attractive list of pupils and they were much interested in what the visitor had to say to them. They paid good attention and showed by answers to questions that they had studied to some good purpose.

At the close of the address a number of questions were propounded to the speaker and while he would have been glad for some more, the pupils did very well and as it was noon when he finished the school was dismissed and they followed him to the roadside and perched on the fence and as he was unhitching they asked several more questions. Taken as a whole the visit was very pleasant.

The directors are: Charles West, Martin Joyce, Patrick Shanahan. Pupils: Lillian Joyce, Carl Burmeister, Cecel Fairfield, Lloyd West, James Casey, Clarence Lovell, Lewis Burmeister, Roy Switzer, Allen Fairfield, Elmer Johnson, Gladys Fairfield, Tillie Dixon, Viola Dixon, Nellie Lovell, Jennie Dixon, Thelma McDonald, Alleen Switzer, Vinita Switzer, Nellie Johnson, Lulu Johnson.

RAILWAY COMMISSIONERS MEET

Washington, D. C., Nov. 19.—The twenty-fourth annual convention of the National Association of Railway Commissioners began this morning at the offices of the Interstate Commerce commission and will continue for several days. The association is composed of the members of the Interstate Commerce commission and the railway commissioners of the different states. The president is Commissioner C. F. Staples of Minnesota.

The discussion of committee reports will occupy the most of the time of the convention. In addition to the report of the executive committee there will be reports on rates and rate making, express rates and express service, shippers' claims, car service and demurrage, railroad taxes and plans for ascertaining fair valuation of railroad property, railway capitalization, statistics and accounts, safety appliances, telegraph and telephone rates and services, and the power, duty and work of state railway commissions.

TO BEAUTIFY SMALL CITIES. Baltimore, Md., Nov. 19.—The eighth annual convention of the American Civic association began here today with a good attendance of municipal officials and civic leaders from all parts of the country. President J. Horace McFarland called the gathering to order and will preside over the three days' session. The program calls for an exhaustive discussion of city planning with special reference to the problem of the small cities and towns. Other matters that will receive attention are the billboard and smoke nuisances, markets and market places and the extermination of the house fly.

FINAL SPECIAL TAX NOTICE.

In the matter of the Special Tax of the city of Jacksonville, for the construction of a brick pavement on Franklin street.

Notice is hereby Given, To all persons interested that the board of local improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance thereto.

The hearing to consider and determine whether or not the facts as stated in said certificate are true will be held in said court on the sixth day of December A. D., 1912, at 9 o'clock, or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day, and may appear on the hearing and make their defense.

Board of local improvements of the city of Jacksonville, Illinois. By E. M. Henderson, Secretary.

Dated Jacksonville, Illinois, this twentieth day of November, 1912.

ROTHSCHILD BROS. BANKRUPT.

Former Jacksonville Men Have Failed in Business in New York.

Rothschild Brothers, who lived in this city a number of years ago and operated a clothing store on the north side of the square, have recently failed in business in New York city. According to a New York paper the firm has filed a petition in bankruptcy showing liabilities of about \$60,000. The assets are estimated at about a like amount. The item in the New York paper read as follows:

"A petition in bankruptcy has been filed against the Rothschild company, 25c department stores, of No. 412 Broadway, with stores at Thirty-seventh street and Eighth avenue, this city; at Mt. Vernon, N. Y., and at Reading and Wilkesbarre, Pa., by Stroock & Stroock, for creditors. Judge Mayer appointed Philip J. McCook receiver under a bond of \$30,000, with authority to continue business for ten days. It was stated that the liabilities are \$60,000 and assets about the same."

RETAIL MERCHANTS IN SESSION.

St. Louis, Mo., Nov. 19.—With "a square deal for the small retail merchant" at their slogan, one thousand representatives of the retail trade throughout the country, assembled at the Planters' hotel in this city today for the first annual convention of the National Federation of Retail Merchants. The retailers object to having the blame for the high cost of living laid at their doors and the convention will probably register a strong protest.

Martin J. Maloney of Detroit is presiding over the convention sessions, which will continue three days. Senator Jonathan Bourne, Jr., of Oregon, father of the parcels post, is scheduled to discuss that subject before the convention. Another prominent speaker on the program is Charles Nagel, secretary of commerce and labor, who is to talk about the amendments to the Sherman anti-trust law.

FIRE ALARM.

The fire department was called to the vacant lot on South Mauvalsterre street near the brook, where a large pile of brush was burning, Tuesday afternoon about 5:30 o'clock. No damage resulted.

HARVEST HOME MEETING.

The annual "Harvest Home" meeting of the Home Missionary society of Westminster church will be held in church on Wednesday evening, Nov. 20, at 7:30. Everyone in church and congregation is personally and cordially invited to attend. There will be a program and a social hour, with light refreshments. Come and help by being present.

THANKSGIVING OFFERINGS.

Gifts for Passavant Hospital Will Be Received Tuesday and Wednesday of Next Week.

Thanksgiving day is drawing near and again the readers of the Journal and all within reach of the city are reminded of Passavant hospital and its claims on the good offices of the public.

It is needless to dilate on the noble work being conducted at that worthy institution. It cares for the sick and the wounded and thus fulfills the commands of the Blessed Redeemed of mankind.

All gifts will be thankfully received and duly credited to the giver if marked. All kinds of family supplies, vegetables of any kind, fruits, preserves, jellies, canned goods, dry goods, groceries and of course, cash will be useful and gratefully received by the management. At the same time the hospital will be open for visitors and all will have an opportunity to see the inside working of the place. Please call and aid with your presence and good gifts.

residence in Concord, in charge of Rev. Mr. Reid, pastor of the Concord M. P. Church, assisted by Rev. W. H. Housman of the M. E. church. There was a large assemblage of friends to pay a last tribute of respect to one held in much esteem.

Music was furnished by a quartet composed of Miss Lydia Reid, Miss Ida Detering, Elmer Smith and Lawrence Smith, with Mrs. Thomas Murphy as pianist. The flowers were very beautiful and cared for by Misses Mabel Smith, Myrtle Smith, Leilan Smith and Lena Bay-Hs.

The remains were laid to rest in the Concord cemetery and the bearers were Lewis Rexroat, Lewis Yeck, William Cooper, John Flison, Charles Nichols and Arch McConnell.

**Phillippi.**  
Herman Phillippi, a highly respected citizen of the Bluff Springs neighborhood, died Tuesday morning at 5 o'clock, having suffered his third paralytic stroke. He was 69 years of age and born and reared in the Bluff Springs community. He was a member of the Lutheran church and of the Modern Woodmen of America. His wife died four years ago and he is survived by three daughters and one son, also one brother, Paul, of Bluff Springs.

Funeral services will be conducted Thursday at 1 o'clock in charge of Rev. Mr. Peck of Arenzville. Interment will be made in the Jokish cemetery.

**NORMAL WILL MEET ILLINOIS**

Local College Will Play Two Games On Local Grounds Before the Season Closes—J. H. S. May Play Bloomington Friday.

Illinois is again grinding away in preparation for the Normal university game here Saturday. The large score piled up against the Illinois men last Saturday by Shurtlett has not discouraged them and was no surprise to those who knew the inside dope on the Illinois team. Holmes, regular right guard, was slightly hurt in practice on the evening before the game and was unable to play against Shurtlett. Stewart, quarter-back, slipped and fell while running signals on Friday afternoon and twisted one of his ankles. He was barely able to hobble around in Saturday's contest and after a short time was compelled to give way to Gary, who proved a good substitute. Injuries to these two men so close before the game, seriously handicapped the playing of the Illinois squad and made possible the large score piled up by Shurtlett.

The varsity eleven had light scrimmage with the high school yesterday afternoon and this will probably be repeated this afternoon. All the men are getting back into condition and with three more days of practice should be a formidable foe to Normal.

There is a possibility that the game between the high school and Bloomington will take place Friday on account of the Normal-Illinois game Saturday, if such is agreeable to the Bloomington players.

**Trumbo.**  
Funeral services for Percy Eugene Trumbo, the infant son of Mr. and Mrs. Eugene Trumbo, were held from the family residence, 229 Anna street, in charge of Rev. Mr. Shaw. Singing was furnished by Rev. Mr. and Mrs. Shaw and the many beautiful flowers were cared for by Misses Nannie Trumbo and Dessie Rose. Interment was made in Jacksonville cemetery.

**Lawson.**  
The funeral for Mrs. Ann Lawson was held at the Lynnville M. E. church Tuesday afternoon at 3 o'clock in charge of Rev. Mr. Burnett. Singing was by a quartet composed of Mrs. Alice Gibbs, Miss Hill, Fred Schofield and W. W. Gillham, and the many beautiful flowers were in charge of Miss Nettie Hill and Miss Duckwell.

Interment was made in the Lynnville cemetery and the bearers were George Fligg, Samuel Angelo, Jack Watson, John Dodsworth, Fred Schofield and Joseph Duckwell.

**Patterson.**  
Funeral services of William Patterson were held Tuesday morning at 10 o'clock from the late residence in the presence of a large assemblage of relatives and friends. The services were impressively conducted by Rev. W. H. McGee, a former pastor, assisted by Rev. W. H. Houck. Music was furnished by a quartet composed of T. H. Rapp, Charles Rowe, Mrs. Edgar Martin and Miss Blackburn and the flowers, which were many and beautiful, were cared for by Miss Pearl Dewees, Miss Ruby Dewees, Mrs. Stinson Jones and Miss Burdick.

Interment was made in Diamond Grove cemetery and the bearers were Len Patterson, Wallace Patterson, Irvin Patterson, Edward Patterson, James Crum and Ernest Dewees.

**Allen.**  
The remains of Dane Allen, who died at the Jacksonville State hospital Tuesday morning at 11:55 o'clock, were sent to Harristown Tuesday evening at 8:28 o'clock via the Wabash. The deceased was 24 years of age.

**Beggs.**  
Mrs. Sarah Beggs died Monday at 9 a. m. at her home near Ashland. She was 87 years of age at the time of her death and was one of the early settlers of that vicinity and most highly respected. She was known far and near for her kindness and good deeds and many will be the ones who will miss her tender ministrations.

She is survived by her husband, C. W. and children, Myra at home, Mrs. Kirkpatrick of Mt. Sterling, Rev. Samuel Beggs of Wisconsin. She was a member of Centenary M. E. church northwest of Ashland and a consistent Christian. She was an aunt of Mrs. L. G. Farrell of this city.

The funeral will be conducted Thursday at the church to which she belonged at 2:00 p. m.

**Hamm.**  
The funeral services of John Hamm were conducted at 2 o'clock Tuesday afternoon from the family

**Spelman.**  
A message was received Tuesday morning by Mrs. J. K. C. Pierson, telling of the death of her nephew, John Rotger Spelman, the only child of Mr. and Mrs. H. F. Spelman of Dallas, Texas. He died of pneumonia, after an illness of twenty-four hours. The little fellow was better known as "Jack" and was six years old the 28th of July. He was a most attractive child, loving in disposition, and his sudden death comes as a great shock to his relatives. His mother was formerly Miss Willa Rotger of Jacksonville.

Funeral arrangements will be made after the body arrives here which will probably be on Thursday.

**MATRIMONIAL**

**Burns-Harmon.**  
Thomas Burns of Murrayville and Miss Irene M. Harmon of this city were married Tuesday morning at 8 o'clock at the Church of Our Savior Rev. Father Formaz officiating. The attendants were Miss Loretta Harmon, a sister of the bride and Mr. George Burns, a brother of the groom. The bride wore a beautiful gown of golden brown velvet, trimmed with Irish lace, taffeta bands and jeweled buttons, with large white picture hat. The bride's maid wore a gown of dark blue velvet, trimmed with lace and carried a basket with hat to match.

The bride is the eldest daughter of Mr. and Mrs. M. S. Harmon of South Clay avenue. She attended the parochial schools and later graduated from Routt college, with the class of 1908. For the past three years she has been a teacher in the public schools. She is an estimable young woman having a wide circle of friends.

The groom is the son of Mr. and Mrs. John Burns and is a graduate of the business college of this city. He is a prosperous farmer and is held in high regard by his many acquaintances.

Following the ceremony a wedding breakfast was served at the home of the bride to the immediate families. The young people left on the 11:22 Burlington train for a short wedding trip and upon their return will reside near Murrayville.

**ALLEGES RAILROAD MERGER.**  
Meridan, Miss., Nov. 19.—Attorney General Ross A. Collins, filed a petition in chancery here today alleging that a merger or combination of interest had been formed by the Southern railway and the Alabama Great Southern and the Mobile and Ohio railroads in anticipation of the anti-trust laws, and asks that the several roads be required to forfeit their charters in Mississippi and pay penalties, which should the maximum penalty be assessed would aggregate \$40,000,000.

### SOCIAL EVENTS.

John Robert Robertson, son of Mr. and Mrs. John R. Robertson, entertained a company of eighteen of his little friends at his home on West State street, Tuesday afternoon, the occasion being his ninth birthday. The home was prettily decorated with Killarney roses for the occasion and Mrs. P. C. Thompson read and told a number of interesting stories to the children, after which an elaborate lap supper was served. After all had partaken of the supper Stewart Pierson Robertson, a younger brother of the little host, brought in a large basket of Killarney roses, giving each guest one. The remainder of the time was spent in dancing, Miss Edith Robinson, furnishing the music. Each guest was given as a favor a small basket of candy.

The guest list was composed of the little friends that Master Robertson has been entertaining at his birthdays for the past four or five years, and included: Thompson Brady, Louise Thompson, Lenette May Brown, Elizabeth and Mary Louise Frackleton, Frances Waddell, Joseph Whitner, Hugh Wilson, Ruth Reynolds, Aurelius Vosseller, Dorothy Farrell, Felix Farrell, Marjorie McMurphy, John and Mary Strawn.

The Mission Study Circle of the Congregational church held its regular meeting Tuesday evening with Miss Marion Fairbank and Mrs. Mary Riley at their home on West State street, at which the members voted to give \$5 to the free kindergarten. A discussion on "Medical Missions in China," was led by J. A. Palmer and Miss Henrietta Lyman told about the flag of the new republic. After the regular program a very pleasant social hour was enjoyed when refreshments consisting of chop suey and Chinese wafers and tea were served and on each plate was a miniature Chinese flag. The refreshments were served by Misses Helen Turner, Carol Lander and Joyce Lander, who were dressed in Chinese costumes.

Miss Lillian Carter was given a happy surprise Tuesday evening, on the occasion of her 17th birthday by a number of her friends. The young people gathered at the home of Mrs. W. A. McCarty and went in a body to the Carter home. It is needless to say that Miss Carter was completely taken back when her friends entered. It was a jolly crowd and the evening passed all too soon, various games being interspersed with music. The girls designated their affair "A Leap Year Surprise" so the boys were asked "to go along". Some nice refreshments were served and Miss Carter received a number of pretty presents.

### HEARING TEMPORARILY CLOSED

Disagreement Over Admissibility of D. E. Walker's Testimony Brings Halt in Dissolution Suit.

Washington, Nov. 19.—Disagreement over the admissibility of testimony by D. E. Walker, deputy commissioner of corporations as to his opinion regarding the fluctuation of iron and steel product prices, brought the taking of testimony before Examiner Henry P. Brown in the United States steel corporation dissolution suit to a sudden temporary close. Attorneys for the government and for the steel corporation hastened to Philadelphia to lay the question before the three judges of the United States circuit court of appeals, at Philadelphia, who will sit, for the purpose of this case tomorrow morning, as the United States district court for New Jersey. The hearing probably will be resumed here Thursday.

We have about 200 suits—all sizes and colors, all of the best styles of this season, to close out at big reductions—none reserved.

### RELATIVES HEAR

#### FROM PANSY LESH

Prisoner Who Confessed to Killing Two Women in Missouri Writes to Cousin in Jacksonville.

Mrs. Pansy Ellen Hastings Lesh, who is now in Sedalia, Mo., to answer to the charge, by her own confession, of murdering Mrs. M. E. Quaintance and Mrs. Eliza A. Coe of Pettis county, eight years ago, has written a letter to one of her cousins in Jacksonville. For the past twenty years the family has been looking for the lost relative and especially during the last few months since it became known that she is to share in part of the Luttrell estate. Her relatives here and elsewhere are taking a kindly interest in the girl, whose life has been so full of sorrow for one of tender years. Some of them will go to Sedalia during the course of the trial, and lend what assistance they can. From her letter Mrs. Lesh has no desire to go back to her husband and seems perfectly resigned to whatever fate may come to her.

Her letter reads as follows:

Sedalia, Mo., Nov. 18, 1912.

Dear Cousin:  
I just received your most welcome letter this morning. Your kind regards of me in my lonely childhood and your sympathy in my present trouble are of the greatest of help to me now, and if I had only known you in my early youth, these terrible tragedies would never occurred, and I would have been a much happier woman today.

You asked me my baby's name. It is Robert Delano Lesh, and he is two years and three months old. He is with his father. His father won't give him to me, but he is a good straight man and will bring him up in the right way. Mr. Lesh and I can't get along and I have lost my love for him and we will never live together again. It is impossible. If I ever get the chance to talk to you I can explain everything in full.

I will be so glad to have and know my relatives and that they care for me. My dear cousin, I have done many, many very dreadful things and I have been for years and still am very sorry for them, and I feel that my Maker has forgiven me all, and I put all my trust in his love and mercy and my case will be looked after by his ever forgiving love.

I am free and easy at heart. I have told everything and made a new start in life, and He will lead me through to the end of my earthly journey and give me life everlasting in his heavenly home.

I would like for you to see my baby. He is a very bright, dear little fellow and every one loves him who meets him. He is my dearest possession, although I am not with him, and my life from now will be lived so that when he is a man he won't be able to say he is ashamed of me, his mother.

The sheriff and wife and all concerned are very kind to me and will do all in their power to help me. I would like to hear from you and would like very much to have my uncles come to see me, if they can. I will now close, hoping to hear from you soon, and leaving all in the hands of God.

I remain ever,  
Your loving cousin,  
Mrs. Pansy Ellen Hastings Lesh,  
Sedalia, Mo.

### PORTER DESCRIBES HOLDUP.

Says He Can Identify Men Who Held-up Southwestern Limited.

Chicago, Nov. 19.—Porter Albert Robertson of the buffet car of the Southwestern Limited, heldup near Ottumwa, told his story of the robbery after the train got to Chicago.

He was in the buffet car when the two robbers confronted him.

"I looked up and saw four guas right in my face," said Robertson. "Both men who held them were masked but I've seen one of them before and would know either of them again. They robbed me of the money I was counting and then they backed me into the rear of the car and robbed the others. They wanted to go into the compartments but I kept arguing with them telling them there was no one in there but women and children and they didn't have any valuables.

"You don't want a lot of women screaming around here," I told them. "They haven't got on any rings and I don't believe they have any money. By this time the train was near Ottumwa, and the robbers got ready to jump off."

Robertson is a veteran of the United States army and draws a pension for injuries sustained in the Cuban war.

Masquerade dance at Woodman Hall, Thursday night, Nov. 21. Gents 25c, ladies free.

### STUDENT IS ARRESTED.

Young Chicagoan Must Answer For Alleged Complicity in Riot at Urbana.

Chicago, Nov. 19.—Victor Halperin, a University of Illinois undergraduate, charged with being one of the student rioters who broke up a political meeting and attacked a theatre in Champaign, Ill., a short time before the election, was arrested at the home of his father, Robert L. Halperin, here today on a warrant issued by the circuit court at Urbana. It is said that Halperin was one of a number of University of Illinois students who took part in a riot while celebrating a football victory.

Deputy Sheriff Lampung of Urbana served the warrant. On representation by his father that Young Halperin was ill he was allowed to give bond in \$500 for appearance.

Rubbers are all doubled heeled at Hoppers.

LOST—On square, pair glasses in case. Initials F. H. L. on back of case. Return to Journal office. 19-21
